Double Bowl Sinks

Chemcore Industries now offers the Royalty line of stainless steel sinks. The line consists of three popular kitchen styles: 50/50, 60/40 and 70/30, with reverse models available. Backed by a lifetime warranty, the sinks are constructed with 18-gauge stainless steel and feature distinguishable sizing, double thick spray sound undercoating and double thick sound pads on all flat surfaces on the backside.

See our ad on page 21.

Diamond Surfaces

Diamond Surfaces USA's solid 1 1/4-in. ready-to-install solid surface comes with a sanded matte finish, radius front edge and a 4-in. loose 1 1/4-in. thick backsplash with a finished radius edge. The product is stocked in 20 different colors and is also available in custom colors and size ready to be installed.

See our ad on page 26.

Stainless Steel Sinks

Domain Industries has introduced 11 new models

to its line of Stratus stainless steel sinks. Each sink is hand-crafted from 15-gauge, certified-304 stainless steel and features bowl depths up to 11 in. and widths up to 43 in. The sinks also feature 15mm radius corners that allow the sinks to be cleaned and maintain during daily use.

See our ad on page 24.

Vanity Bowl

Gemstone has introduced a new vanity bowl, #1714-VIO, to its line of 34 sinks and bowls. This is the company's first and only vanity bowl with an integral overflow. The bowl is NAHB Certified, dual listed UL/CSA and is available in more than 50 designer colors. The company's solid surface products are available through a nationwide network of distributors to fabricators and kitchen and bath dealers.

See our ad on page 27.

Shower Base

The KORMAX Shower Base, made by HSF/KORMAX, is custom-made and fabricated from solid surface acrylics. The company uses a heat-forming process to create a durable and beautiful product, and has more than 15 years of experience. The shower pans are custom made and can be fabricated from any acrylic solid surface.

See our ad on page 29.

Indicate # 36 on Reader Response page or go to surfacefabrication.com/ProductIQ

Sinks

Karran USA has introduced the Hampton to its line of undermount sinks. The sink is a double bowl undermount sink that features an integral faucet deck. The feature allows faucet, spray and soap dispenser to be installed directly onto the sink instead of the laminate, stone or solid surface countertop. The sink is produced from acrylic resin, reinforced with fiberglass, and is scratch-, chip- and heat-resistant. See our ad on page 2.

Indicate # 37 on Reader Response page or go to surfacefabrication.com/ProductIQ

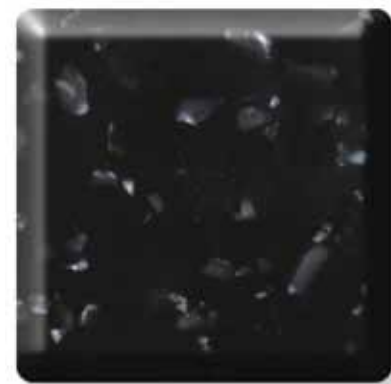

Solid Surface

Meganite manufactures and distributes solid surface sheets, sinks, vanity tops, tables and adhesives. Sheets are available in 1/2-in. thicknesses as well as 1/4-in. products. These products are available in a variety of design groups that include popular colors. The products are used in a host of residential and commercial applications.

See our ad on page 30.

Materials And Accessories

Worldwide Surfaces Inc. manufactures 100-percent acrylic and acrylic blend solid surface material as well as a number of pre-fabricated products. The company recently added a state-of-the-art Continuous Extrusion Production Line, as well as eight new items, bringing the palette to 24 colors. See our ad on page 14.

Quartz Surfacing

Staron Surfaces, a division of Samsung, has rebranded its line of quartz surfaces —

now called Radianz. The current collection features 14 distinct colors. The quartz material is comprised of more than 93 percent natural quartz crystals. The product is a manufactured surface blending the natu-

ral quartz with polymers. It is also non-porous and hygienic reports the company. See our ad on page 36.

Natural Stone

Everlife by Innovative Stone is offering Peach Red in its natural stone countertop collection. The stone is a part of the company's Vitality collection, comprised of a global collection of designer-selected granite, marble, quartzite and soapstone colors. Everlife countertops are stain-resistant and protected by the company's PermaShield technology. The color comes with a 15-year stain-resistant warranty and is available from select kitchen designers across the United States.

Premium Tile Collection

Hanwha L&C USA has added Miraton, a premium tile collection, as an extension of its quartz surface line. Access to the 30-plus color palette, along with seven new colors from the company's countertop imprints including HanStone and Hanex, will be available through the company's distributors. The new line is suitable for a wide range of applications, including flooring, interior wall cladding and vanities. The color palette ranges from soothing earth tones and bold dark shades to vivid complexions and bright hues.
